INDEX TO VOLUME IX

The asterisk (*) preceding the page number indicates an original article in this Journal. The letter T preceding the page number indicates a paper reported in the Transactions of the American Association of Neuropathologists. The letter D preceding the page number indicates a discussion of an original article or some other item published in this Journal. Subject entries are made for all articles. Author entries are made for original articles and Society Transaction.

ACS serum, negative result of trials to influence the healing of incised cerebral wounds by administration of, *198
Adams, Raymond D., D111
see McDougal, David B., T117
D118
Alexander, Leo, D118
see Shulman, Maurice H., *420
Allergic brain inflammation, experimental, a morphological study, *78
encephalomyelitis, experimental studies in, *18
Alvord, Ellsworth C., Jr., Stevenson, Lewis D., Vogel, F. Stephen, and Engle, Ralph L., Jr., neuropathological findings in phenyl-pyruvic oligophrenia (phenylketonuria), *298
Amador, Luis V., see Sugar, Oscar, *179, *430
American Association of Neuropathologists, Annual Meeting, Atlantic City, N. J., June 1949, T109
Amyloid degeneration of the human brain following x-ray therapy, *93
Anatomical study of lobotomies (report of six specimens from 11 to 235 days of post-operative survival), T112
Animal analogue, an, of periodic paralysis in man, *172
Annual Meeting, American Association of Neuropathologists, Atlantic City, N. J., June 1949, T109
Arteriae nervorum, changes in the, in peripheral nerve injuries in man, *335

BARETA, John, see Reese, Hans, *385
Bassett, R. C., see Lowenberg, K., *93
Beckett, Ronald S., Netsky, Martin G., and Zimmerman, H. M., developmental stenosis of the aqueduct of Sylvius, T110
Bogaert, Ludo van, post-infectious encephalomyelitis and multiple sclerosis, the significance of perivenous encephalomyelitis, *219
Book reviews:
Brodal, A., neurological anatomy in relation to clinical medicine, 217
Fulton, J. F., functional localization in relation to frontal lobotomy, 216
Lichtenstein, Ben W., textbook of neuropathology, with clinical, anatomical and technical supplements, 350
Machover, Karen, personality projection in the drawing of the human figure, 216
Mettler, F. A., and Associates, selective partial ablation of the frontal cortex, 348
Monnier, a short atlas of the brain stem of the cat and Rhesus monkey for experimental research, 349
Wallin, J. E. Wallace, children with mental and physical handicaps, 351
Brain, amyloid degeneration of the human following x-ray therapy, *93
inflammation, experimental allergic, a morphological study, *78
multiple cystic softening of the, in the newborn, *119
tumors of, primary mesenchymal, so-called reticulum cell sarcoma, report of five cases, *322
wounds, mortal, a pathologic study, *139
Brizzee, Kenneth R., and Kuntz, Albert, the histogenesis of sympathetic ganglion cells, an experimental study, *164
Byrd, Chester L., Jr.‡, the influence of infection with Lansing strain poliomyelitis virus on pregnant mice, *202

CAMPBELL, Eldridge, and Kuhlenbeck, Hartwig, mortal brain wounds; a pathologic study, *139
Capillary resistance studies in multiple sclerosis, *420
Cazzullo, C. L., see Ferraro, A., *18
Cerebral concussion, loss of nerve cells in experimental, *150
contusion in accidental electrocution, pathologic study of a case, *311
wounds, incised, negative result of trials to influence the healing of, by administration of ACS serum, *198
Cerebrospinal fluid pressure in monkeys, the effect of intravenous urea on, *438
Changes in the arteriae nervorum in peripheral nerve injuries in man, *335
Chloroma, report of a case, *186
Choroid plexus, xanthomas of the, in man, *286
Combined staining of iron and fat in frozen sections, *347
Cortex, cortico-cortical connections of the, buried in the intraparietal and principal sulci of the monkey (macaca mulatta), *430
Cortico-cortical connections of the walls of the superior temporal sulcus in the monkey (macaca mulatta), *179
Cortico-cortical connections of the cortex buried in the intraparietal and principal

sulci of the monkey (macaca mulatta), *430
Cowen, David, see Wolf, Abner, T114, *286

DAVIS, Courtland, Jr., see Woodhall, Barnes, *335
Davison, Charles, see Haymaker, Webb, *29
Decompression chambers, fatalities resulting from exposure to simulated high altitudes in. A clinicopathologic study of fives cases, *29
Degeneration, amyloid, of the human brain following x-ray therapy, *93
Demyelinating encephalomyelitis in the dog following antirabies vaccination, T113
Dublin, William B., T111

EDITORIAL, *353
Effect, the, of intravenous urea on cerebrospinal fluid pressure in monkeys, *438
Ehrentheil, Otto F., see Shulman, Maurice H., *420
Electrocution, accidental, cerebral contusion in, pathologic study of a case, *311
Encephalitis, a sarcoid form of, in a patient with Hodgkin's disease; case report with review of the literature, *103
inclusion, and probable herpes simplex, T114
uremia, a case report, *344
Encephalomyelitis, allergic, experimental studies in, *18
demyelinating, in the dog following antirabies vaccination, T113
post-infectious, and multiple sclerosis, the significance of perivenous encephalomyelitis, *219
Engle, Ralph L., Jr., see Alvord, Ellsworth C., Jr., *298
Experimental allergic brain inflammation, a morphological study, *78
studies in allergic encephalomyelitis, prevention and production—note III, *18

FERRARO, A., Roizin, L., ana Cazzullo, C. L., experimental studies in allergic encephalomyelitis, *18
D113, D116
Fibroma and mesothelioma of meninges (observations on histogenesis), T111
Freedman, Burrill, the synapse—a summary, *204
Frontal lobotomy, neuroanatomical observations, *250

GANGLION cells, sympathetic, the histogenesis of, *164
Gates, Edward M., see Mabon, Robert T., *193
Graham, Stanley, see Wolf, Abner, *286
Globus, J. H., D111
editorial, *353
Good, Robert A., experimental allergic brain inflammation, a morphological study, *78
Griponissiotis, Basil, see Sugar, Oscar, *179, *430
Groat, Richard A., and Simmons, James Q., loss of nerve cells in experimental cerebral concussion, *150

HAMLIN, Hannibal, see Yakovlev, Paul I., *250
Hassin, George B., cerebral contusion in accidental electrocution, pathologic study of a case, *311
neuropathology, an historical sketch, *1
Haymaker, Webb, D116
and Davison, Charles, fatalities resulting from exposure to simulated high altitudes in decompression chambers. A clinicopathologic study of five cases, *29
Hemochromatosis, the neuropathological changes in, T117
Heredopathia atactica polyneuritiformis, *385
Herzon, Herbert, see Levinson, Abraham, *406
Histogenesis of symphatetic ganglion cells, an experimental study, *164
Historical sketch, an, neuropathology, *1
Hodgkin's disease, a sarcoid form of encephalitis in a patient; case report with review of the literature, *103
Hoffman, George, see Rottino, Antonio, *103
Horning, E. Douglas, and Kernohan, James W., meningiomas of the sphenoidal ridge: a clinicopathologic study, *373

INCLUSION and probable herpes simplex encephalitis, T114
Influence, the, of infection with Lansing strain poliomyelitis virus on pregnant mice, *202

JERVIS, George A., and Koprowski, Hilary, demyelinating encephalomyelitis in the dog following antirabies vaccination, T113

KERNOHAN, James W., see Horning, E. Douglas, *373
see Mabon, Robert T., *193
Koprowski, Hilary, see Jervis, George A., T113.
Kuhlenbeck, Hartwig, see Campbell, Eldrige, *139
Kuntz, Albert, see Brizzee, Kenneth R., *164.

LEVINSON, Abraham, Luhan, Joseph A., Mavrelis, William P., and Herzon, Herbert, the effect of streptomycin on tuberculous meningitis, a pathologic study, *406
Lewey, F. H., D111
neuropathological changes in nitrogen trichloride intoxication of dogs, *396
Lichtenstein, Ben W., von Recklinghausen's neurofibromatosis, T109
Lobotomies, anatomical study of, T112

Lobotomy, frontal, neuroanatomical observations, *250.
Lowenberg-Scharenberg, K., and Bassett R. C., amyloid degeneration of the human brain following x-ray therapy, *93
Luhan, Joseph A., see Levinson, Abraham, *406
Lumsden, C. E., Multiple cystic softening of the brain in newborn, *119

MABON, Robert T., Svien, Hendrik J., Gates, Edward M., and Kernohan, James W., medullo-epithelioma, a critical re-evaluation, *193
Mandeville, Frederick B., see Troland, Charles E., *322
Mavrelis, William P., see Levinson, Abraham, *406
McDougal, David B., and Adams, Raymond D., the neuropathological changes in hemochromatosis, T117
Medulloblastoma, *354
Medullo-epithelioma, a critical re-evaluation, *193
Meningioma, meningiothelial, of the fourth ventricle, *443
Meningiomas of the sphenoidal ridge: a clinicopathologic study, *373
Meningiothelial meningioma of the fourth ventricle, *443
Meningitis, the effect of streptomycin on tuberculous, a pathologic study, *406
Mesenchymal tumors of the brain, primary, so-called reticulum cell sarcoma. Report of five cases, *322
Mesothelioma of meninges, fibroma and, T111
Mice, the influence of infection with Lansing strain poliomyelitis virus on pregnant, *202
Moore, Matthew T., see Winkelman, N. W., *60
Mortal brain wounds; a pathologic study *139
Multiple sclerosis, capillary resistance studies in, *420

NECROTIZING panarteritis, disseminated, (periarteritis nodosa), a clinicopathologic report, *60
Nerve cells, loss of, in experimental cerebral concussion, *150
injuries in man, changes in the arteriae nervorum in peripheral, *335
Netsky, Martin G., see Beckett, Ronald S., T110
Neurofibromatosis, von Recklinghausen's, T109
Neuropathological changes in hemochromatosis, T117
in nitrogen trichloride intoxication of dogs, *396
findings in phenyl-pyruvic oligophrenia (phenyl-ketonuria), *298
Neuropathologists, American Association of, Annual Meeting, Atlantic City, N. J., June 1949, T109
Neuropathology, an historical sketch, *1
Newborn, multiple cystic softening of the brain in the, *119
Nitrogen trichloride intoxication of dogs, neuropathological changes in, *396

PAIGE, Beryl, see Wolf, Abner, T114
Panarteritis, disseminated necrotizing, (periarteritis nodosa), *60
Paralysis in man, an animal analogue of periodic, *172
Periodic paralysis in man, an animal analogue of, *172
Petr, Rudolf, see Sugar, Oscar, *430
Phenyl-pyruvic oligophrenia (phenyl-ketonuria), neuropathological findings in, *298
Polyneuritiformis, heredopathia atactica, *385
Post-infectious encephalomyelitis and multiple sclerosis, the significance of perivenous encephalomyelitis, *219
Primary mesenchymal tumors of the brain, so-called reticulum cell sarcoma. Report of five cases, *322

RAGINS, Alex B., and Tinsley, Milton, chloroma. Report of a case, *186
Recklinghausen's, von, neurofibromatosis, T109
Reese, Hans, and Bareta, John, heredopathia atactica polyneuritiformis, *385
Resistance studies, capillary, in multiple sclerosis, *420
Rifkinson, N., negative result of trials to influence the healing of incised cerebral wounds by administration of ACS serum, *198
Ringertz, Nils, and Tola, J. H., medulloblastoma, *354
Roizin, L., see Ferraro, A., *18
Rottino, Antonio, and Hoffman, George, a sarcoid form of encephalitis in a patient with Hodgkin's disease; case report with review of the literature, *103

SAHYOUN, Philip F., see Troland, Charles E., *322
Sarcoid form, a, of encephalitis in a patient with Hodgkin's disease; case report with review of the literature, *103
Sarcoma, so-called reticulum cell, primary mesenchymal tumors of the brain. Report of five cases, *322
Scharenberg, K., T113
Sclerosis, multiple, capillary resistance studies in, *420
post-infectious encephalomyelitis and multiple, the significance of perivenous encephalomyelitis, *219
Serum, ACS, negative result of trials to influence the healing of incised wounds by administration of, *198
Settlage, Paul, see Smythe, Lowell, *438
Shulman, Maurice H., Alexander, Leo, Ehrentheil, Otto F., and Gross, Raph,

capillary resistance studies in multiple sclerosis, *420
Simmons, James Q., see Groat, Richard A., *150
Smith, Susan Gower, an animal analogue of periodic paralysis in man, *172
Smythe, Gwendolyn, see Smythe, Lowell, *438
Smythe, Lowell, Smythe, Gwendolyn, and Settlage, Paul, the effect of intravenous ureà on cerebrospinal fluid pressure in monkeys, *438
Sphenoidal ridge, meningiomas of the; a clinico-pathologic study, *373
Staining, combined, of iron and fat in frozen sections, *347
Stenosis, developmental, of the aqueduct of Sylvius, T110
Stevenson, Lewis D., see Alvord, Ellsworth C., Jr., *298
see Vogel, F. Stephen, *443
Strassmann, George, combined staining of iron and fat in frozen sections, *347
Streptomycin, the effect of, on tuberculous meningitis, a pathologic study, *406
Sugar, Oscar, Amador, Luis V., and Griponissiotis, Basil, cortico-cortical connections of the walls of the superior temporal sulcus in the monkey (macaca mulatta), *179
Amador, Luis V., Petr Rudolf, and Griponissiotis, Basil, cortico-cortical connections of the cortex buried in the intraparietal and principle sulci of the monkey (macaca mulatta), *430
Svien, Hendrik J., see Mabon, Robert T., *193
Sweet, William H., see Yakovlev, Paul I., *250
Synapse, the, a summary, *204

TICHY, Fae Y., uremia encephalitis, a case report, *344
Tinsley, Milton, see Ragins, Alex B., *186
Tola, J. H., see Ringertz, Nils, *354
Troland, Charles E., Sahyoun, Philip F., and Mandeville, Frederick B., primary mesenchymal tumors of the brain, so-called reticulum cell sarcoma. Report of five cases, *322
Tumors of the brain, primary mesenchymal, so-called reticulum cell sarcoma. Report of five cases, *322

UREA, the effect of intravenous, on cerebrospinal fluid pressure in monkeys, *438
Uremia encephalitis, a case report, *344

VIRUS, Lansing strain poliomyelitis, the influence of infection with, on pregnant mice, *202
Vogel, F. Stephen, see Alvord, Ellsworth C., Jr., *298
and Stevenson, Lewis D., meningiothelial meningioma of the fourth ventricle, *443
